The lexicon is divided into four main sections:

- **Ecology:** This section covers the basic concepts of ecology, including ecosystems, biodiversity, and the food chain.
- **Sustainability:** This section explores the concept of sustainability and its three pillars: economic, environmental, and social.
- **Environmental Justice:** This section examines the intersection of environmentalism and social justice, including issues such as environmental racism and climate change.

- **Ecotopia:** This section presents a vision of an ecotopian future, where humans live in harmony with nature.

An Ecotopian Lexicon is an essential resource for anyone who wants to understand the challenges facing our planet and the solutions that we need to create a more sustainable future.

Author Biography
