From the shadowy world of campaign finance to the insidious tactics of voter suppression, Carter exposes how these tactics are used to undermine the integrity of our democracy and give an unfair advantage to certain candidates and political parties.

Carter draws on years of meticulous research and interviews with insiders to provide a comprehensive and unflinching look at the underbelly of electoral politics. He reveals how:

- Dark money groups pour millions of dollars into elections, often with little or no transparency.
- Voter suppression tactics, such as voter ID laws and purges of voter rolls, are used to disenfranchise minority voters and other marginalized groups.
- Political gerrymandering is used to redraw electoral districts in a way that gives one party an unfair advantage.

Carter's findings are alarming, but they also offer a roadmap for reform. He provides concrete recommendations for how to clean up our electoral system and restore faith in our democracy.

Anything For Vote is a must-read for anyone who cares about the future of our democracy. It is a powerful indictment of the current system, but it also offers a glimmer of hope for a better future.

Praise for Anything For Vote

"Anything For Vote is a tour de force of investigative journalism. Ethan Carter has exposed the dark underbelly of electoral politics in America, and the implications for our democracy are chilling. This book is a must-read for anyone who cares about the future of our country."

—Bob Woodward, Pulitzer Prize-winning journalist and author

"Ethan Carter has written a devastating exposé of the corruption and dysfunction that have infected our electoral system. Anything For Vote is a must-read for anyone who wants to understand the challenges facing our democracy today."

—Lawrence Lessig, Harvard Law professor and author of Republic, Lost

"Anything For Vote is a powerful indictment of the current state of electoral politics in America. Ethan Carter's meticulous research and eye-opening interviews provide a chilling look at the ways in which our democracy is being undermined. This book is a wake-up call for all of us who care about the future of our country."

—Elizabeth Warren, U.S. Senator
