

British Cruisers: Two World Wars and After - An Unrivaled Compendium of British Cruiser History

In the annals of naval history, few ship types have played a more pivotal role than the cruiser. The cruiser's versatility and adaptability made it an indispensable asset to navies around the world, and the Royal Navy was no exception. British cruisers saw action in every major conflict from the Napoleonic Wars to the Falklands War, and they played a key role in shaping the course of maritime history.

This comprehensive work tells the story of British cruisers from their inception in the early 19th century to their活躍in both World Wars and beyond. Drawing on a wealth of primary and secondary sources, the author provides a detailed and engaging account of the design, development, and deployment of British cruisers. The book is lavishly illustrated with dozens of rare photographs and illustrations, bringing the history of these iconic ships to life.

The book is divided into three main sections:
