Upcoming Conference: CSNC 2024

The upcoming CSNC 2024 conference will be held from March 10-13, 2024, in Beijing, China. The conference will focus on the theme "Advancing the Frontiers of Satellite Technology" and will cover a wide range of topics, including:

- The latest developments in GNSS (Global Navigation Satellite Systems) technology

- The progress and applications of China's BeiDou Navigation Satellite System
- The integration of GNSS with other technologies, such as artificial intelligence and 5G
- The future of satellite navigation in various industries, including transportation, agriculture, and aviation

Conference Highlights

CSNC 2024 will feature a number of highlights, including:

- Keynote speeches from leading experts in the field of satellite navigation
- Technical sessions on a wide range of GNSS-related topics
- Industry exhibitions showcasing the latest GNSS products and services
- Opportunities for networking and collaboration with professionals from around the world

Who Should Attend?

CSNC 2024 is a must-attend event for anyone involved in the field of satellite navigation. This includes:

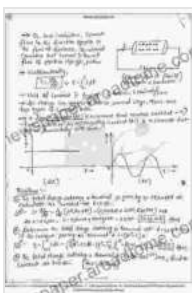

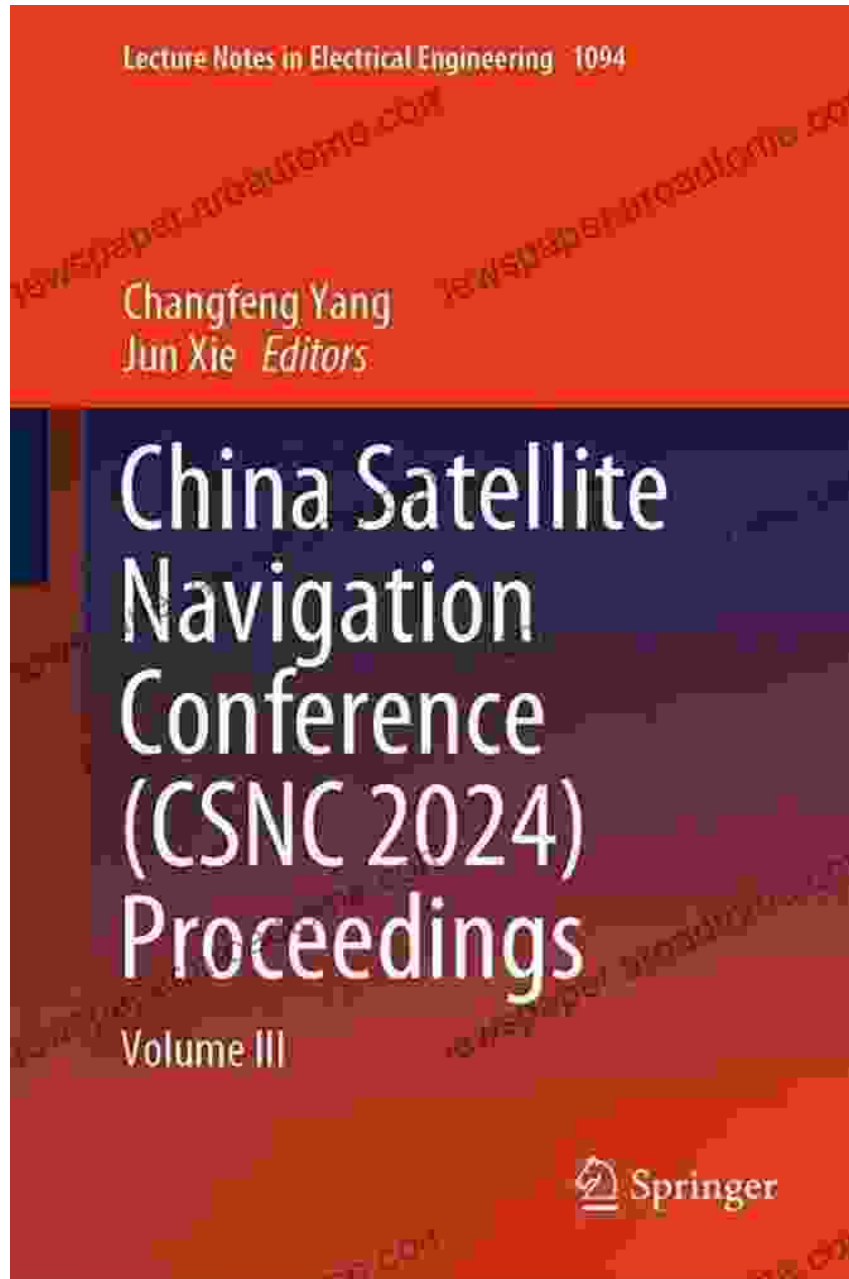

- GNSS researchers and engineers
- Satellite navigation system operators
- Manufacturers of GNSS equipment

- Users of GNSS technology
- Policymakers and regulators

Registration and More Information

More information about CSNC 2024, including registration information, is available at the official conference website.

We look forward to seeing you at CSNC 2024!
