About the Book

Narratives of History and Memory explores the complex and multifaceted relationship between war, culture, and society. Through a wide range of case studies and theoretical perspectives, the book examines how historical narratives shape our understanding of the past and present, and how memory is used as a tool for political, social, and cultural purposes.

Key Features

- Examines the role of war in shaping historical narratives and cultural memory
- Analyzes the ways in which memory is used to legitimize political power, promote social cohesion, and justify violence
- Explores the ethical and methodological challenges involved in studying war and memory
- Features contributions from leading scholars in the field of memory studies

Target Audience

Narratives of History and Memory is essential reading for:

- Historians
- Memory studies scholars
