

Proceedings of the 5th Geochina International Conference 2024: Advancing Civil Engineering for Sustainable Development

About the Conference

The 5th Geochina International Conference 2024 will be held in Beijing, China, from June 10-14, 2024. The conference is organized by the Chinese Academy of Engineering (CAE) and the International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE).

Sustainable Design and Construction for Geomaterials and Geostructures: Proceedings of the 5th GeoChina International Conference 2024 – Civil ... China

The conference will bring together leading civil engineers and researchers from around the world to discuss the latest developments in civil

engineering, with a focus on sustainable development. The conference will cover a wide range of topics, including:

- Geotechnical engineering
- Structural engineering
- Water resources engineering
- Transportation engineering
- Environmental engineering
- Sustainable development

Call for Papers

The conference organizers are inviting submissions for papers on all aspects of civil engineering, with a focus on sustainable development. Papers should be original and not previously published. The deadline for submissions is March 1, 2024.

Important Dates

- **March 1, 2024:** Deadline for paper submissions
- **May 1, 2024:** Notification of paper acceptance
- **June 10-14, 2024:** Conference dates

Registration

Registration for the conference will open in March 2024. The registration fee will include access to all conference sessions, the proceedings, and the conference banquet.

Contact Information

For more information about the conference, please contact the conference secretariat at geochina2024@cae.cn.

Additional Information

The conference will be held in English. The proceedings of the conference will be published in a special issue of the journal *Geotechnique*.

The conference is supported by the following organizations:

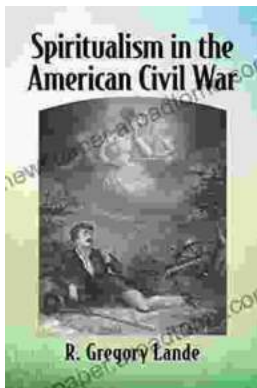

- Chinese Academy of Engineering (CAE)
- International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE)
- Chinese Society for Rock Mechanics and Engineering (CSRME)
- Chinese Society for Soil Mechanics and Foundation Engineering (CSSMFE)
- Chinese Society for Urban and Regional Planning (CSURP)
- Chinese Society for Water Resources (CSWR)
- Chinese Society for Transportation Engineering (CSTE)
- Chinese Society for Environmental Engineering (CSEE)
