

Revolt Against the Modern World: A Call to Action for a New Era

In his groundbreaking book, *Revolt Against the Modern World*, Julius Evola calls for a radical rejection of the modern world and its values. Evola argues that the modern world is a corrupt and decadent society that has

lost its way. He believes that this has led to a widespread sense of alienation and despair, and that the only way to restore meaning and purpose to life is to reject the modern world and its values.

Revolt Against the Modern World: Politics, Religion, and Social Order in the Kali Yuga by Julius Evola

Evola's critique of the modern world is wide-ranging and incisive. He attacks the modern world's materialism, consumerism, and individualism. He argues that these values have led to a loss of community, a decline in morality, and a rise in violence and crime. He also criticizes the modern world's rationalism and scientism, which he believes have led to a loss of spirituality and a devaluation of human life.

In place of the modern world, Evola proposes a return to traditional values. He believes that traditional societies were more harmonious, more just, and more spiritually fulfilling than the modern world. He argues that we need to rediscover the traditional values of honor, duty, and sacrifice in Free Download to create a better future for ourselves and our children.

Revolt Against the Modern World is a powerful and provocative book that will challenge your assumptions about the modern world. Evola's insights are essential reading for anyone who is concerned about the direction of our society and who is looking for a way to create a better future.

About the Author

Julius Evola (1898-1974) was an Italian philosopher, political theorist, and esotericist. He is best known for his writings on Traditionalism, a school of thought that rejects the modern world and its values and calls for a return to traditional values. Evola was a controversial figure, and his writings have been criticized by both the left and the right. However, he remains a influential figure in Traditionalist thought, and his work continues to be read and debated today.
