

# Solving In Style: A Journey Through Chess Problems and Studies

Written by International Master John Nunn, Solving In Style is a comprehensive guide to the art of solving chess problems and studies. This book provides a wealth of insights and techniques that will help you improve your problem-solving skills and deepen your understanding of the game.

Nunn begins by introducing the basic principles of problem solving, such as finding the key move, spotting tactical motifs, and calculating variations. He then goes on to cover more advanced topics, such as retrograde analysis, zugzwang, and pawn endgames. Throughout the book, Nunn provides numerous examples and exercises to help you practice your skills.
